MEMORANDUM FOR THE RECORD

SUBJECT: HSC Request of 4 September to the Department of Defense

1. In the request of 4 September, two of the 13 items requested (Items 10 and 12) were referred to CIA for appropriate action.

2. In a telephone conversation on 2 October, regarding Item #10, "USIB Strategic Arms Limitation Study -- 1973," Mr. Fred Kirschstein of the HSC told me that we can consider that request dead and that he would so certify. The Committee had already held hearings on [redacted] programs and Mr. Kirschstein feels the study would be of no value at this point. He did, however, reserve the right to request the document again, but would attempt to give us a better description of the document, if and when it would be requested.
